DOWN PAYMENT ASSISTANCE PROGRAM Application Instructions

Thank you for your interest in this Program. We are providing you with information and instructions to assist you in procuring a low-interest loan. **Please read this document very carefully**, along with the Rules and Regulations. It is very important that you be able to answer certain questions on the application, and must be able to provide copies of certain essential documents. **Incomplete applications will not be processed.**

There have been some substantial changes to this program to make it more applicable to today's housing market, and to today's first time homebuyers. The amount of funds that the Agency will lend is tied into the applicant's annual income, instead of a flat rate of \$25,000, as it was formerly. In addition, the applicant need only to contribute three percent, plus closing costs, and there are no longer any restrictions in terms of gift funds. There are other relatively minor changes that have been made to reflect the way that the program has been administered for the past several years.

You are responsible for locating a home to buy, and for procuring financing for the first mortgage. The City of Fillmore Redevelopment Agency will provide 15%, or \$30,000 to \$50,000 (depending upon your income), whichever is less, toward the purchase price of a home. You must provide 3% of the down payment, in addition to the closing costs, which usually run to 3% of the purchase price. In other words, you must normally be able to contribute approximately 6% at the time of purchase. To put this into perspective, consider that the current median house price in Fillmore is approximately **\$345,000**. You must have approximately \$20,700 in liquid assets to purchase a house at this price.

Another change in the program is that a letter of pre-approval from a lender is now required to apply for this program. Since different lenders have different guidelines, it pays to shop around for financing. One of the factors considered when Staff reviews your application is your apparent ability to purchase a home. Once the Loan Review Committee approves you, \$30,000 to \$50,000 is committed for ninety days. We do not want to commit these funds if you have no chance at all to actually purchase a home, either based upon your employment status, income status, debt ratio, or available funds for a down payment.

We will also be reviewing other factors. If you have ever owned a home in the past or present, or have been on the title of any home, for any reason, including inheritance, you do not qualify for this program. We will be investigating all statements made on the application, so be absolutely truthful.

You must have sufficient monthly income to support the payments. One of the primary advantages of this program versus others in the market is that the monthly payment will be significantly less, and this is an important factor for new homebuyers.

Parent-adult child applications will not be processed. These are situations in which a parent wishes to purchase a home with the assistance of an adult child who has sufficient income to assist financially. One of the caveats of the Program is that both Applicants must occupy the home as their primary residence for the entire term of the loan. The chances that an adult child will remain in the home for at least thirty years is negligible, therefore, we will not enter into this arrangement.

Make sure that you are able to answer the following on the Application:

- * General employment and income information which can be documented and verified for the past two years.
- * Total combined assets of all persons residing in the household.
- * General financial obligations, including car payments, rent payments, credit card payments, and any other long-term debt. Both the monthly payment and payoff amounts will be required.

- * If you have any particular property in mind to purchase at this time.
- * Who the members of the household are, their ages, and their relationships to the Applicants.
- * Information regarding child custody and child support [whether received or paid].
- * Information regarding financial assets, including savings and checking accounts, retirement programs, annuities, etc.

You should be prepared to furnish **copies** of the following documents for both Applicants:

- Federal Tax Returns from **2004** and **2003**, as well as applicable W-2/1090 Wage Statements.
- The **six** most recent paystubs, or other acceptable documentation for the past **three** months, if you are self-employed.
- Verification of any other income.
- **Six** most recent statements for bank accounts, retirement accounts, or any other financial assets.
- California Driver's License
- Social Security Card
- Court documents regarding child custody and/or support, whether the children are residing with you or you are providing support to them.

You are responsible for making and furnishing copies of these documents. Once submitted, they cannot be returned.

I want to clarify a few points which have been problems in the past:

- * Neither the Applicant nor the Co-Applicant must have ever owned a home, or have had any interest in residential property **anywhere**, with the exception of a "Displaced Homemaker". This is defined in the Glossary, but essentially refers to a situation wherein a wife or husband has not worked for several years in favor of maintaining a household. As time goes on, the situation changes, and they find themselves in the job market, normally as a result of a divorce. If the applicant owned a house with their husband or wife, and they are now single and find themselves wanting to buy a house, the former home ownership will not count against them. On the other hand, if the applicant was previously married, owned a home, **HOWEVER** remained in the job market, this would not qualify them for the exemption. We will check this information, so be absolutely truthful about it.
- * People have inquired whether inheriting a home will disqualify an Applicant; in fact, this does disqualify the Applicant. Also, we are frequently asked whether it is allowable if one of the Co-Applicants may have not have owned a home in the past to be able to qualify. Generally, this is not allowable. However, it **may** be possible if only the one Applicant who has never owned a home actually makes the application in his/her own name, and **only** his/her own income is considered for both the first and second mortgages. Normally, however, both incomes will be required to qualify for the first mortgage, so this is generally not feasible.
- * Both the Applicant and Co-Applicant must have resided continuously for the past year in the City of Fillmore to qualify in Priority One. This may mean that even temporary residence outside of the city limits may bump an applicant down to a lower category. However, if this is the case, please make sure that you explain this situation **in detail**.
- * Be absolutely truthful in completing this application, even though you may be including information which you believe to be detrimental. We will be conducting whatever investigation we believe to be needed to confirm information which you are providing, and any false statements, whether intentional or not, may disqualify you from this year's process. We have provided forms to authorize us to conduct these checks, and these forms must be signed and returned with the application.
- * **Do not** make an offer on a house, or enter into a purchase agreement, until you have received an approval letter from staff. Simply submitting an application does not constitute any obligation on the part of the Redevelopment Agency to approve the application, or to fund the loan.

THE COMPLETED APPLICATION MUST BE RETURNED TO THE COMMUNITY DEVELOPMENT OFFICE.

I. PURPOSE OF THE DOWN PAYMENT ASSISTANCE PROGRAM

Under California Redevelopment Law, the City of Fillmore Redevelopment Agency, hereinafter called the 'Agency', receives funds which are set aside to help create and preserve housing that is affordable to low and moderate income persons. The Agency has decided that the implementation of a Down Payment Assistance Program for First Time Homebuyers, or DAP, is an opportunity to utilize these funds to assist eligible low and moderate income persons in the purchase of affordable housing units within the City of Fillmore.

DAP provides a portion of eligible applicant's total down payment. This reduces the amount of the loan needed from the participating lender, thereby reducing the monthly cost of housing. Any home which is purchased via DAP must be affordable, as defined by the California Health & Safety Code Section 50052.5.

The subsidy which may be provided to eligible homebuyers, hereinafter called 'applicants', will be made as a non-amortizing, deferred loan. The maximum loan amounts vary by income of the applicants. Income limits are set as per California Health and Safety Code Sections 50079.5, 50105, and 50106, and are established by the United States Department of Housing & Urban Development (HUD). The maximum loan amount for a very low-income applicant is \$50,000, or fifteen percent of the purchase price, whichever is lower. The maximum loan amount for a low-income applicant is \$40,000, or fifteen percent of the purchase price, whichever is lower. The maximum loan amount for a moderate-income applicant is \$30,000, or fifteen percent of the purchase price, whichever is lower. The deferred DAP loan does not bear interest in the conventional manner. Instead, the Agency will share in the equity, or property appreciation, that is accrued to the property at the time of sale, transfer, or default. The Agency will provide an annual reminder to successful applicants that the Agency will share in any net appreciation of the property upon the property's sale or transfer. Also, the Agency shall require annual certification from the successful applicants that standard hazard insurance is maintained in a specified amount, and taxes on the home are paid.

II. ELIGIBILITY REQUIREMENTS

A. Eligible Properties

All homes purchased with DAP funds must be single family detached or attached residences, including condominiums, planned urban developments, and townhouses; must be located within the Fillmore city limits; and must be designated for residential use under the current General Plan.

All homes must comply with State of California Health & Safety Codes regarding occupancy, and shall be adjusted for family size appropriate to the unit, as follows:

One Bedroom:	Not to exceed three-person household
Two Bedrooms:	Not to exceed five-person household
Three Bedrooms:	Not to exceed seven-person household
Four Bedrooms:	Not to exceed eight-person household

At the time of occupancy, the property must be free from all defects that pose a danger to the health and safety of the occupants. In addition, the applicant must agree to maintain the property for the term of the loan in such a manner that the property meets minimum standards, as established in Fillmore Municipal Code Section 5.06-Property Use & Maintenance Standards.

B. Characteristics of the Applicant(s)

The applicant(s) must meet six key eligibility requirements, as follows:

1. Must be a first-time homebuyer, which is defined as a household that has never owned a home prior to the proposed purchase. A householder who qualifies as a 'displaced homemaker' or single parent, may have previously owned a residence, and be eligible.
2. Must be low or moderate income. The applicant(s) must have a gross annual adjusted income which does not exceed 120% of the most current area median income established for the County of Ventura by the United States Department of Housing & Urban Development (HUD). A household whose income is not greater than 80% of the area median income cannot exceed 30% of the adjusted gross income for housing expense. A household whose income is above 80%, but not greater than 120% of the area median cannot exceed 35% of its adjusted gross income for housing expense.
3. Must occupy the property as a principal residence. Temporary subleases are not allowed.

4. Shall have sufficient resources, or assets, to provide a minimum down payment of at least 3% of the purchase price, in addition to closing costs, which are estimated to be an additional 3% of the purchase price.
5. Shall have sufficient income and creditworthiness to qualify for primary financing, as defined by the lender selected by the applicant(s).
6. Applications listing parents and adult children shall not be considered.

C. Target Population

DAP funds shall be available on a first-come, first served basis, within budget limitations. The Agency has determined that all eligible applications shall be sorted by order of priority as follows:

1. Households that have resided within the Fillmore city limits for more than one year, then,
2. Households that have been employed within the Fillmore city limits for more than one year, then,
3. Households that have resided, or have been employed, within the Fillmore Unified School District boundaries for more than one year, then,
4. All other households.

The Agency has discretion to provide preference to applicants who participate in projects initiated and/or supported by the Agency

D. Determination of Adjusted Gross Income

In calculating adjusted gross income, all of the income of the applicant(s), and other household members who are eighteen years or older, and not full-time students, shall be considered as follows:

4. The full amount of periodic payments received from Social Security, annuities, insurance policies, retirement funds, pensions, disability and/or death benefits, and other similar types of periodic receipts, to include a lump-sum payment for the delayed start of any periodic payment.
5. Payment in lieu of earnings, such as unemployment benefits, workers' compensation insurance, severance pay, or welfare assistance.
6. Periodic and determinable allowances, such as alimony and/or child support payments, and regular contributions/gifts received from persons not residing in the household to the extent that such payments are reasonably expected to continue.
7. All regular pay, special pay, and allowances of a member of the United States Armed Forces, whether or not residing in the household, who is the head of the family, spouse, or other dependents in the household.
8. Any earned income tax credit to the extent that it exceeds tax liability.
9. Any other income that must be reported for federal and state income tax purposes.

The following shall not be considered as income:

1. Payments received for the care of foster children

- C. In an effort to encourage prepayment, and recycle funds for new loans, any DAP loan may be prepaid at any time without penalty, with the equity to be determined at an appraisal at the time of total prepayment. The appraisal shall be obtained at the borrower's expense.
- D. The Agency's share of net equity appreciation to be determined as the resale amount, less a fair return on the investment for the borrower, plus repayment of the down payment assistance. The Agency has determined that a fair return shall include the following, less: (A) Repayment of the first mortgage balance, and (B) Repayment of the initial agency subsidy.
 - 1. Return of the actual down payment amount that was contributed by borrower.
 - 2. Return of the portion of the monthly payments which were applied to the principal.

EXAMPLE:

A property was purchased for \$130,000.00. The first time homebuyer contributed \$6500.00 as a down payment, plus \$3900.00 for closing costs. The Agency contributed \$19,500.00. A first mortgage was obtained for \$104,000.00. The property will be sold five years later for \$140,000.00. The Agency's equity share will be calculated as follows:

		\$140,000.00=	Sales price
<i>minus</i>	\$ 10,400.00=		Buyer's down payment & closing costs
<i>minus</i>	\$ 19,500.00=		DAP subsidy
<i>minus</i>	\$ 97,791.00=		First mortgage balance
<i>minus</i>	\$ 6,209.00=		Total principal payments made for five years
<i>minus</i>	<u>\$ 1,000.00=</u>		Depreciated property improvement
	\$ 5,100.00		NET APPRECIATION
	\$ 765.00		15% AGENCY SHARE

- E. Refinance of any outstanding first mortgage debt will be permitted only to reduce the buyer's overall housing costs, ie: reduction of the interest rate from 8% to 7.5%.
- F. **Default/Foreclosure:**
1. Default shall be invoked if the borrower willfully and knowing makes any false statement and/or representation, knowingly fails to disclose a material fact for the purpose of qualifying for the program, or fails to complete certification, affidavits, or recertification documents.
 2. A foreclosure proceeding shall cause the loan to become due and payable, subject to any prior loan secured by the property. Any equity share, if any, at the time of foreclosure will be determined by an appraisal. The cost of such appraisal shall be absorbed in the proceeds from the foreclosure, if any.
- G. **Forgiveness of the Loan:**
1. If sale or transfer occurs thirty years after the date of the Deed of Trust, the note shall be automatically and completely forgiven.

IX. APPEAL PROCESS

- A. Any applicant or other persons whose interest is adversely affected by any requirement and/or determination of the program may appeal to the Executive Director of the Agency.

Refer to Section II.D-Determination of Adjusted Gross Income for additional information.

A household whose income is above 80%, but not greater than 120% of the area median income, may not exceed 35% of their adjusted gross income for monthly housing expense in order for the unit to be considered affordable.

APPLICANT: The person(s) applying for the program, and who will be listed as owner(s) on the property title.

AREA MEDIAN INCOME: The median income for households residing in Ventura County, adjusted for family size, as established by the United States Department of Housing and Urban Development (HUD).
