
Fillmore's Household Hazardous Waste (HHW) Disposal Day is April 3, 2010

The City of Fillmore's next HHW collection is April 3, 2010 – to allow residents and small business owners to drop off materials that are not accepted in either your trash or recycling bins for safe disposal, free of charge.

The Household Hazardous Waste Day will be held from 9 a.m. to 12:30 p.m. Residents and small business owners can bring their HHW to Fillmore's Public Works Department yard at the corner of A Street and Sespe Place.

The Collection will accept: Latex (water-based) and oil-base paints; computers and electronics; pool and photo chemicals; cleaning solvents; pesticides and insecticides; fertilizers; automobile batteries; used motor oil and filters; single-use and rechargeable batteries; and fluorescent light bulbs.

The Collection will not accept: fireworks, smoke detectors, radioactive and medical waste; explosive materials; compressed gas cylinders; tires; or trash.

Appointments are necessary. Call 658-4323.

For more information, call 805 524-3701
