| <b>PLUMBING PERMIT - NON RESIDENTIAL</b> |                         |           |   |              |
| 74                                       | Building & Safety       | Plumbing  | 1 For each plumbing fixture   | \$13.00      |
| 75                                       | Building & Safety       | Plumbing  | 2 For each building sewer and each trailer or mobile home sewer hook-up   | \$31.00      |
| 76                                       | Building & Safety       | Plumbing  | 3 Rainwater system, per drain   | \$13.00      |
| 77                                       | Building & Safety       | Plumbing  | 4 For each cesspool, seepage pit or leach field not otherwise included on a permit  | \$45.00      |
| 78                                       | Building & Safety       | Plumbing  | 5 For each private sewage disposal system   | \$87.00      |
| 79                                       | Building & Safety       | Plumbing  | 6 For each water heater and/or vent   | \$15.00      |
| 80                                       | Building & Safety       | Plumbing  | 7 For each gas piping system of one (1) to five (5) outlets.  | \$8.00       |
| 81                                       | Building & Safety       | Plumbing  | 8 For each gas piping system of six (6) or more; per outlet   | \$6.00       |
| 82                                       | Building & Safety       | Plumbing  | 9 For each industrial water pre-treatment, interceptor, including its trap and vent, excepting kitchen type grease interceptors functioning as fixture traps                              | \$25.00      |
| 83                                       | Building & Safety       | Plumbing  | 10 For installation, alteration or repair of water piping and/or water treating equipment, each.  | \$9.00       |
| 84                                       | Building & Safety       | Plumbing  | 11 For repair or alteration of drainage or vent piping, each  | \$9.00       |
| 85                                       | Building & Safety       | Plumbing  | 12 For each lawn sprinkler system on one motor, including backflow prevention devices therefore   | \$19.00      |
| 86                                       | Building & Safety       | Plumbing  | 13 Swimming pool re-circulation piping.   | \$13.00      |
| 87                                       | Building & Safety       | Plumbing  | 14 For vacuum breakers or backflow preventative devices on-tanks, vats, etc., or for installation on unprotected plumbing fixture including necessary water piping - one (1) to five (5). | \$15.00      |
| 88                                       | Building & Safety       | Plumbing  | 15 Private sewage disposal system test inspection fee.  | \$81.00      |
| 89                                       | Building & Safety       | Plumbing  | 16 Abandonment of private sewage system   | \$13.00      |
| 90                                       | Building & Safety       | Plumbing  | 17 Inspection of idle gas meter.  | \$27.00      |
| 91                                       | Building & Safety       | Plumbing  | 18 Installation of gray water system.   | \$49.00      |

## Exhibit G

### Building Safety

CC Mtg Date: August 9, 2016

| Fee Number  | Coordinating Department | Fee Group           | Fee Description  | Approved Fee                                 |
|---|-------------------------|---------------------|--|--|
| 92  | Building & Safety       | Plumbing            | 19 Sewer cap inspection fee.   | \$31.00                                      |
| <b>PLUMBING PLAN CHECK -RESIDENTIAL AND NON-RESIDENTIAL</b> |                         |                     |  |  |
| 93  | Building & Safety       | Plumbing Plan Check | 1 A single building containing more than 180 drainage fixture units, or the initial models for tract housing and townhouses.   | 50% of Building Permit                       |
| 94  | Building & Safety       | Plumbing Plan Check | 2 A potable water line serving one or more buildings with an aggregate demand of more than 180 water fixture units or 100 GPM (excluding building under Item 1 above and minor accessory buildings).   | \$46 and \$16 for each addnl buidling over 1 |
| 95  | Building & Safety       | Plumbing Plan Check | 3 A fuel gas line serving one or more buildings with an aggregate demand of 1,000,000 BTU's or more (excluding buildings under Item 1 above and minor accessory buildings).  | \$46 and \$16 for each addnl buidling over 1 |
| 96  | Building & Safety       | Plumbing Plan Check | 4 A sewer collection system serving more than one building with an aggregate load of more than 180 drainage fixture units (excluding minor accessory buildings).   | \$46 and \$16 for each addnl buidling over 1 |
| <b>MECHANICAL PERMIT - RESIDENTIAL</b>                      |                         |                     |  |  |
| 97  | Building & Safety       | Mechanical          | 1a For the installation, alteration, or relocation of each refrigerating compressor or absorption unit, and for each fuel-burning furnace, boiler, heater, and vented decorative appliance, including vents attached thereto: Up to and including 100,000 BTU's. | \$17.00                                      |
| 98  | Building & Safety       | Mechanical          | 1b More than 100,000 BTU's up to and including 500,000 BTU's.  | \$29.00                                      |
| 99  | Building & Safety       | Mechanical          | 2 For the installation, relocation or replacement of each appliance vent installed.  | \$8.00                                       |
| 100   | Building & Safety       | Mechanical          | 3a For each air-handling unit for air conditioning, including ducts attached thereto: Up to and including 10,000 CFM's   | \$13.00                                      |
| 101   | Building & Safety       | Mechanical          | 3b More than 10,000 CFM's  | \$23.00                                      |
| 102   | Building & Safety       | Mechanical          | 4 For each evaporative cooler other than portable type.  | \$13.00                                      |
| 103   | Building & Safety       | Mechanical          | 5 For each ventilation fan connected to a single duct.   | \$8.00                                       |
| 104   | Building & Safety       | Mechanical          | 6 For each ventilating system which is not a portion of any heating or air-conditioning system authorized by a permit.   | \$13.00                                      |
| 105   | Building & Safety       | Mechanical          | 7 For the installation of each hood or spray booth served by mechanical exhaust, including the fans and ducts attached.  | \$13.00                                      |

## Exhibit G

### Building Safety

CC Mtg Date: August 9, 2016

| Fee Number  | Coordinating Department | Fee Group             | Fee Description  | Approved Fee           |
|---|-------------------------|-----------------------|--|------------------------|
| 106   | Building & Safety       | Mechanical            | 8 For each appliance or piece of equipment regulated but not classed in other appliance categories, or for which no other fee is listed in this section.   | \$13.00                |
| 107   | Building & Safety       | Mechanical            | 9 Incidental gas piping.   | \$8.00                 |
| 108   | Building & Safety       | Mechanical            | 10 For the installation or relocation of each commercial or industrial type incinerator.   | \$77.00                |
| <b>MECHANICAL PERMIT - COMMERCIAL</b>                     |                         |                       |  |                        |
| 109   | Building & Safety       | Mechanical            | 1a For the installation, alteration, or relocation of each refrigerating compressor or absorption unit, and for each fuel-burning furnace, boiler, heater, and vented decorative appliance, including vents attached thereto: Up to and including 100,000 BTU's. | \$19.00                |
| 110   | Building & Safety       | Mechanical            | 1b More than 100,000 BTU's up to and including 500,000 BTU's.  | \$31.00                |
| 111   | Building & Safety       | Mechanical            | 2 For the installation, relocation or replacement of each appliance vent installed.  | \$9.00                 |
| 112   | Building & Safety       | Mechanical            | 3a For each air-handling unit for air conditioning, including ducts attached thereto: Up to and including 10,000 CFM's   | \$14.00                |
| 113   | Building & Safety       | Mechanical            | 3b More than 10,000 CFM's  | \$25.00                |
| 114   | Building & Safety       | Mechanical            | 4 For each evaporative cooler other than portable type.  | \$14.00                |
| 115   | Building & Safety       | Mechanical            | 5 For each ventilation fan connected to a single duct.   | \$9.00                 |
| 116   | Building & Safety       | Mechanical            | 6 For each ventilating system which is not a portion of any heating or air-conditioning system authorized by a permit.   | \$14.00                |
| 117   | Building & Safety       | Mechanical            | 7 For the installation of each hood or spray booth served by mechanical exhaust, including the fans and ducts attached.  | \$14.00                |
| 118   | Building & Safety       | Mechanical            | 8 For each appliance or piece of equipment regulated but not classed in other appliance categories, or for which no other fee is listed in this section.   | \$14.00                |
| 119   | Building & Safety       | Mechanical            | 9 Incidental gas piping.   | \$9.00                 |
| 120   | Building & Safety       | Mechanical            | 10 For the installation or relocation of each commercial or industrial type incinerator.   | \$81.00                |
| <b>MECHANICAL PLAN CHECK - RESIDENTIAL AND COMMERCIAL</b> |                         |                       |  |                        |
| 121   | Building & Safety       | Mechanical Plan Check | 1 All Occupancies, except single family residences.  | 50% of Building Permit |
| 122   | Building & Safety       | Mechanical Plan Check | 2 Any new building having an aggregate floor area of 5,000 square feet or more.  | 50% of Building Permit |

### Building Safety

CC Mtg Date: August 9, 2016

| Fee Number                      | Coordinating Department | Fee Group             | Fee Description  | Approved Fee                   |
|---------------------------------|-------------------------|-----------------------|--|--------------------------------|
| 123                             | Building & Safety       | Mechanical Plan Check | 3 Installation other than those listed in Items 1 and 2 above where the aggregate BTU input capacity for either comfort heating or comfort cooling is 1,000,000 BTU's and over, or installations containing a single comfort heating or comfort cooling air handling system with a capacity of 10,000 CFM's or more. | 50% of Building Permit         |
| 124                             | Building & Safety       | Mechanical Plan Check | 4 The initial model of any tract housing or townhouses.  | 50% of Building Permit         |
| <b>ELECTRICAL - RESIDENTIAL</b> |                         |                       |  |                                |
| 125                             | Building & Safety       | Electrical            | 1a Temporary service pole or pedestal and equipment.   | \$28.00                        |
| 126                             | Building & Safety       | Electrical            | 1b Each additional pole.   | \$14.00                        |
| 127                             | Building & Safety       | Electrical            | 2a New service, 0-600 volts, up to and including 200 amperes; each.  | \$36.00                        |
| 128                             | Building & Safety       | Electrical            | 2b Over 200 amperes; each.   | \$71.00                        |
| 129                             | Building & Safety       | Electrical            | 3 New service over 600 volts or over 1,000 amperes.  | \$143.00                       |
| 130                             | Building & Safety       | Electrical            | 4a Gasoline service station building, repair garages; Drinking or dining establishments; and power plants or plumbing stations.  | \$0.14                         |
| 131                             | Building & Safety       | Electrical            | 4b Dwellings, single and multifamily; Hotels, motels apartments, condominiums, townhouses; manufacturing or assembly plants, woodworking establishment, factories; Other occupancies not listed.   | \$0.07                         |
| 132                             | Building & Safety       | Electrical            | 4c Office buildings; Stores or markets (wholesale or retail), schools, churches, assembly buildings; hospitals, nursing homes and child nurseries.   | \$0.06                         |
| 133                             | Building & Safety       | Electrical            | 4d Residential garage, carports and accessory building; Commercial parking garages.  | \$0.05                         |
| 134                             | Building & Safety       | Electrical            | 4e1 Warehouses and unfinished shell-type buildings; storage garages and aircraft hangars where no repair work is being done, up to and including 5,000 sq.ft.  | \$0.04                         |
| 135                             | Building & Safety       | Electrical            | 4e2 Over 5,000 sq.ft.  | \$56 plus \$.01 sq.ft. over 5K |
| 136                             | Building & Safety       | Electrical            | 5a1 Where no construction work is being done or where remodeling work, additions or alterations are such as to make use of the square footage table in Item 4 impractical, the fee for: general lighting, receptacles and switches, each.  | \$1.15                         |

## Exhibit G

### Building Safety

CC Mtg Date: August 9, 2016

| Fee Number                          | Coordinating Department | Fee Group  | Fee Description  | Approved Fee |
|-------------------------------------|-------------------------|------------|--|--------------|
| 137                                 | Building & Safety       | Electrical | 5a2 Multi-outlet assembly, per lineal foot.  | \$0.30       |
| 138                                 | Building & Safety       | Electrical | 5b For the inspection of electrical work for which a permit is required, but no fee is herein prescribed: Inspection time, per hour.   | \$58.00      |
| 139                                 | Building & Safety       | Electrical | 6a Motor, generator, transformer and similar specific-purpose branch circuit and related equipment: Rating in HP, KW or KVA; 0-10, each.   | \$14.00      |
| 140                                 | Building & Safety       | Electrical | 6b Over 10, each.  | \$29.00      |
| 141                                 | Building & Safety       | Electrical | 7a Miscellaneous Wiring and Equipment: Air conditioning unit, per ton.   | \$4.00       |
| 142                                 | Building & Safety       | Electrical | 7b Miscellaneous Wiring and Equipment: Area lighting standard over six (6) feet in height: Up to and including ten (10) on a site, each.   | \$6.00       |
| 143                                 | Building & Safety       | Electrical | 7c Miscellaneous Wiring and Equipment: Area lighting standard over six (6) feet in height: Over ten (10), each.  | \$4.00       |
| 144                                 | Building & Safety       | Electrical | 7d Miscellaneous Wiring and Equipment: Area lighting standard over six (6) feet in height: Inspection for reinstallation if idle meter removed by utility company.                               | \$63.00      |
| <b>ELECTRICAL - NON-RESIDENTIAL</b> |                         |            |  |              |
| 145                                 | Building & Safety       | Electrical | 1a Temporary service pole or pedestal and equipment.   | \$30.00      |
| 146                                 | Building & Safety       | Electrical | 1b Each additional pole.   | \$15.00      |
| 147                                 | Building & Safety       | Electrical | 2a New service, 0-600 volts, up to and including 200 amperes; each.  | \$38.00      |
| 148                                 | Building & Safety       | Electrical | 2b Over 200 amperes; each.   | \$75.00      |
| 149                                 | Building & Safety       | Electrical | 3 New service over 600 volts or over 1,000 amperes.  | \$150.00     |
| 150                                 | Building & Safety       | Electrical | 4a Gasoline service station building, repair garages; Drinking or dining establishments; and power plants or plumbing stations.  | \$0.15       |
| 151                                 | Building & Safety       | Electrical | 4b Dwellings, single and multifamily; Hotels, motels apartments, condominiums, townhouses; manufacturing or assembly plants, woodworking establishment, factories; Other occupancies not listed. | \$0.08       |
